

Year 4 Homework

Art

Egyptian Jewellery Art

Using a paper plate, can you create your own Egyptian necklace?

Cut the middle out of your plate.

Create your design using crayons, pens or paints.

Design
Technology

Pyramids

Can you create a pyramid out of cardboard?

Design your own 3D net.

Cut and stick your pyramid. Can you make different size ones?

Cooking

Biscuits Pyramids

Can you make a biscuit pyramid?

Pick your favourite biscuits. Build a pyramid.

Remember to take a picture of your creation before you eat the biscuits!

Science

Sound - How does water volume effect sounds?

Equipment -

3 glasses (must be exactly the same), water, a small spoon

Instructions -

1. Put water in the glasses with three different amounts.
2. Gently tap the sides of the glasses and listen to the sound that is made.
3. Record which amount of water gave the highest, lowest and middle sound.

Why?

We hope you enjoy doing the activities in your homework. Don't forget to bring your creations into school or take a picture and post onto Class Dojo - we can't wait to see them!

Mrs Lewis and Mr Clarke
