

## Spon Gate Primary School

### Primary Schools Sports Premium Report Academic Year 2023 - 2024

#### **Background**

The Government has provided funding per annum to enhance PE and Sport in Primary Schools. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children and to develop healthy lifestyles. The purpose of the funding is that schools will have to spend the sport funding in improving their provision of PE and sport, but they will have the freedom to choose how they do this.

#### **Allocation**

Funding for schools has been calculated by the number of primary aged pupils (between the ages of 5 and 11). Based on a full year all schools with 17 or more primary aged pupils will receive a lump sum plus a premium of £10 per pupil. Spon Gate received **£18,192** for the 2023 - 2024 academic year.

#### **Accountability**

Schools will be held to account for how they spend the sport funding. Schools must publish, on their website, information about their use of the PE and Sport Grant. Schools should publish the amount of grant received; how it has been spent (or will be spent) and what impact the school has seen on pupils' PE and sport participation and attainment as a result, to help to ensure that all pupils develop healthy lifestyles.
